For more than two decades, The New Living Expo has stood as a sanctuary for seekers, visionaries, and pioneers of consciousness. Born from the legacy of The Whole Life Expo and rooted in the spiritual renaissance of the Bay Area, the Expo has welcomed hundreds of transformational speakers whose wisdom has shaped global awakening.

Now, with Portal to Ascension bringing 18 years of mastery in conscious event production and community building, we embark on a new era—one where The New Living Expo rises to unprecedented heights of impact, innovation, and unity.

We are excited to announce that Portal to Ascension is taking the helm of the New Living Expo this year—ushering in a new era of expansion, innovation, and elevated consciousness.

Since 2008, Portal to Ascension (PTA) has been at the forefront of humanity's awakening, delivering a continuous stream of awareness on empowering, paradigm-shifting topics. Through thousands of online webinars, global conferences, immersive courses, and in-person gatherings including festivals, multi-day events, and transformational workshops, PTA has become a trusted pillar in the worldwide conscious movement.

Our platform exists as a resource for humanity to remember the truth of who we are, why we are here, and the infinite potential encoded within each of us. Everything we create is rooted in unity, compassion, transparency, and the expansion of collective consciousness. We are here to illuminate the knowledge and wisdom that activates a new reality on Earth.

At Portal to Ascension, we shine light on:

- Humanity's ancient and hidden origins
- The evolution of consciousness, ascension, & multidimensional spiritual development
- The truth of extraterrestrial presence and interstellar heritage
- The release and integration of advanced, conscious technologies
- Transparency in business, governance, and global economic systems
- Expanding beyond the limitations of third-dimensional perception

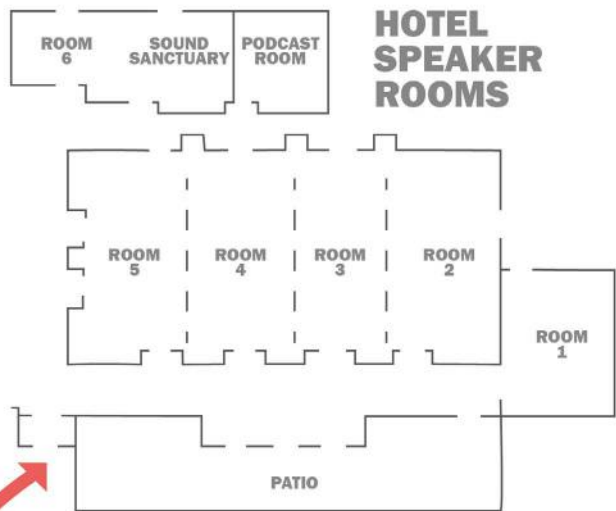

As we take over the New Living Expo, we bring nearly two decades of leadership, production excellence, and a vast global network of luminaries, teachers, innovators, and visionaries. Together, we are elevating this iconic event into its most transformational expression yet—one that inspires, uplifts, and ignites the future of human evolution.

More Than Heat. It's **Resonance.**

Meditation, breathwork, plant medicine, creativity, self-inquiry – all expand awareness. But expansion stretches the nervous system. Without integration, insight becomes intensity instead of embodiment.

Relax Sauna provides a grounded, embodied space where insight can settle instead of scatter.

The steady far infrared warmth creates a cocoon of safety, allowing the system to downshift, process, and recalibrate. In that softened state, creativity flows more naturally. Emotional tension unwinds. The mind becomes quieter without force.

A Difference Maker

Inside every cell is water, but not just any water, it's H₃O₂, Phase 4 water that stores far infrared light and converts it into usable energy. Stimulants and energy drinks wear off, but when your water is structured, your body becomes its own power plant.

For those walking a path of awakening, resilience matters just as much as revelation. Relax Sauna is a daily tool – helping you stay open without burning out, sensitive without becoming overwhelmed, and expanded while still deeply rooted. Designed for real life, it's portable, convenient, and ready in under one minute.
